

A Wiggly Trail is not affiliated with The Wiggles in any way, shape, or form. This free trail is 100% unofficial by MamaAdventure.com for entertainment purposes only. Always supervise small children near water.

1. The Propeller: This is where the green outdoor parts of The Wiggles' music video, The Propeller was filmed, in Tower Park, York.
2. Everybody's Here: This is the jetty where Captain Feathersword tells us about his new sail. The red boats featured in this song are also here and you can go on them.
3. Dancing on the High Seas (1) The first location (top left yellow marker) is where they did the dance in a line for the chorus.
4. Dancing on the High Seas (2) The second location (bottom right yellow marker) is where they stood on the circle and spun around singing "Dancing on the high seeas" near the end of the song.
5. Emma's Yellow Bow: This takes you to a bus stop where you can usually catch a hop-on, hop-off York tour bus (which is also handy if little legs need a rest). One of these open-topped buses featured in both "Emma's Yellow Bow" and "The Propeller" although both were filmed on the same buses in London, not York.
6. Fruit Salad: This isn't a film location but Marks and Spencer sells pre-packed fruit bags if your little one needs a snack.
